The top 1 percent of mortgage originators delivered outstanding results in a challenging market

Mortgage Executive magazine compiled the most comprehensive list of the nation's top 1 percent of mortgage originators. The Top 100 mortgage originator list debuted in 1995 in *Mortgage Originator* magazine.

Mortgage Executive expanded the rankings in 2011 to include the top 1 percent of the hundreds of thousands mortgage originators in the U.S.

The minimum eligibility criteria are a total personal production of at least \$30 million in 2018. Entries cannot include loan volume of associate originators or junior originators who earn a commission on the same loan files.

Mortgage Executive seeks to recognize and celebrate the service, dedication and hard work that leading mortgage professionals put into serving their clients during the home loan process.
